

REIN IN  
SARCOMA

# 2022 Sponsorship Opportunities

**Presented by:**

Eric Lien	<i>Board President</i>
Janelle Calhoun	<i>Executive Director</i>
Tom Boardman	<i>Chair, Development Committee</i>

*Minnesota non-profit dedicated to finding a cure for sarcoma cancers through research, education, and patient support*

# Funding Change – Changing Lives

## Mission

Rein in Sarcoma (RIS) is dedicated to educating the public and medical community about sarcomas, supporting sarcoma patients and their loved ones, and funding research to develop new treatments and finding cures for sarcoma cancers.

## Education

Sarcoma cancers are highly misdiagnosed and late diagnosed leading to its high mortality rates. RIS is implementing a significant medical education program with a goal of increasing survivorship by as much as 20% to 30%.

## Patient & Family Support

RIS produces and distributes nationally a “Sarcoma Patient Starter Notebook,” primary resource for newly diagnosed sarcoma patients. RIS also provides ongoing support for sarcoma patients and their loved ones in the Midwest through events and peer-to-peer support.

## Research

RIS has funded over \$2 million to the University of Minnesota, Mayo Clinic and Children’s Minnesota for sarcoma research. This in turn, has leveraged over \$13.4 million in private and public sarcoma research funding.

## Funding Change – Changing Lives

As one of the largest grassroots sarcoma cancer nonprofit organizations in the country, Rein in Sarcoma hosts events throughout the year to raise funds for general support of our mission, vital medical research, new treatments and early diagnostics. Corporate sponsorships help RIS meet and exceed our fundraising goals, further our mission, and foster meaningful partnerships with companies that share our values.

## Partnership

**Why support Rein in Sarcoma? Together we can Increase Awareness.  
Increase Survivors.**

Aligning your company with Rein in Sarcoma means you will help those families and individuals dealing with their treatment and diagnosis – and your company will be instrumental in saving lives. RIS operates solely on individual donations, grants and sponsorships from members of the community like your organization, so your partnership makes a profound difference. RIS serves as a connecting link for the community, medical professionals and people experiencing sarcoma cancer.

## Benefits of Partnership

As a corporate sponsor, your company will be recognized as a community partner for one of the largest providers in the country dealing with all aspects of sarcoma care, from direct support, research and education to diagnostic tools and finding a cure.

Our supporters come from all walks of life and are passionate and dedicated in their support of RIS. Your business will reach a large local audience of physicians, medical faculty, cancer patients, survivors and their families. Depending on your level of sponsorship, benefits for your support include marketing efforts which broadly publicize sponsors with their logo and/or company name highlighted on RIS social media, RIS e-newsletters, event websites, posters, flyers, invitations and the day-of the event program, acknowledgment, signage, and sponsor tables.
