However, volunteers must remember to conduct themselves in an appropriate manner at all times. Rein in Sarcoma will not knowingly permit the use of alcoholic beverages to any volunteer under the Minnesota legal drinking age of 21 years old. Any volunteer under the age of 21 consuming alcoholic beverages at any event will be subject to termination.

Conflict Management

1. **Take immediate action.** It is important to resolve conflicts as soon as possible. This will minimize tension. Many miscommunications are resolved with simple, transparent discussion.
2. **Consider face-to-face discussion.** Email can sometimes have a tone or be interpreted differently from what the sender intended.
3. **Focus on the issue, not the person.** Encourage everyone to avoid personal attacks and focus on problem-solving. Do not focus on personalities or past interactions.
4. **Share the impact.** Use this model: “When you _____, I feel _____, because_____.” When you share with someone how their actions make you feel, that's not something up for dispute.
5. **Ask for proposed solutions.** Ask for opinions and encourage consensus on a solution. Ask how to move forward.

We are proud to work with you to further our mission and always appreciate your enthusiasm; however, we need all use of social media to be in line with our policies:

- Do not share/post confidential private patient information.
- Do encourage your network to follow RIS.
